

# PERFIN COVER OF THE MONTH

Flight covers of the Graf Zeppelin (LZ-127) are relatively common - but not when franked with Perfins and bearing the corner card of the Perfin user. This U. S. - Germany first-flight cover is franked with the K72 Perfin of Keasbey and Mattison Company of Ambler, Pa. The cover is backstamped for receipt at Friedrichshafen, Germany. (from the collection of Barbara Kloss)
